

Indivisible San Bernardino Mountains Mission Statement

March 10, 2017

The Trump administration is advancing a racist, sexist, corrupt, and authoritarian agenda. Indivisible is a national, non-partisan, grassroots movement that empowers local constituents to exert pressure on their Members of Congress (MoCs) to resist the Trump agenda. Indivisible's strategy for applying that pressure is documented in the Indivisible guide: www.indivisibleguide.com The Indivisible movement encompasses thousands of local Indivisible groups, one of which is Indivisible San Bernardino Mountains. Seven other Indivisible groups have also formed in California's 8th District. Our group will work locally, autonomously, and democratically to advance the national Indivisible movement's resistance efforts, and to address our own, local concerns with the Trump agenda. This will be accomplished through four processes:

1. Keeping a vigilant watch on the words and deeds of our MOCs --Congressman Paul Cook and Senators Dianne Feinstein and Kamala Harris.
2. Using the Indivisible guide to pressure our MoCs to serve us -- their constituents -- and resist the Trump agenda.
3. Growing our group's numbers, visibility, and impact by remaining as inclusive as possible; all are welcome to resist the Trump agenda, regardless of party
4. Working to elect a more responsive, progressive Representative in California's 8th Congressional District in the 2018 midterm elections and to retain progressive representation in the Senate.
